

Central Intelligence Agency
Office of the Deputy Director for Intelligence

18 July 1984

Bob,

Hutchinson asked for approval to extend a contract to OSWR has no problems but SOVA has some fairly strong and what appear to be sensible objections. One additional question is whether NIOs should have contracts of this sort. My inclination is to say that, while they should suggest activities that could be done under contract, the actual contract monitors should be line organizations.
